

BlinkerBeacon[™] Solar LED Beacons

Solar Powered, AC option

AutoBright[™] visibility

User friendly time clock option for school zones

NEMA control box allows for timely maintenance

Various pole mounting options

Recent LED improvement, larger 12" lenses, and solar power have made this timeless warning device more effective and more versatile. TAPCO's BlinkerBeacon[™] LED beacon incorporates these new features at a low cost-effective price. Available with various beacon configurations, lens colors and bracket mounts. Black or yellow polycarbonate housing standard. Choose from various activation methods ranging from 24/7 flashing, time clock activation, vehicle detection and cellular notification.
