

**AirmasterSigns**

# ***NEW* and *IMPROVED*** **FLEXIBLE BRIDGE MARKER**

## ***Our Brackets Unique Design:***

- Holds 20 more pounds of pressure.
- Allows maximum durability and flexibility.
- Supports the reduction in maintenance with its “bounce back” ability.
- Allows wide loads, oversized farm equipment, etc. to pass over, without removal or breakage of the markers.
- Strengthened with two flat bars in the back for additional support.
